

SUMMARY & UPDATES

Task Forces at INATBA

International Association of
Trusted Blockchain Applications

INATBA MiCA Task Force

The INATBA and GO-P2P Energy Trading Task Force was announced in October.

Fast Facts:

- Collaborative effort with Global Observatory on Peer-to-Peer, Community Self-Consumption and Transactive Energy Models
- Studies and compares international pilots of DLT-enabled P2P energy trading
- Provides a forum for discussion and development of new standardisation recommendations.

The INATBA MiCA Task Force was announced in November.

Fast Facts:

- Response to European Commission's proposed MiCA regulation on blockchain
- Gathers industry feedback from trade associations, private entities and civil society organisations
- Industry guidelines will be presented to European stakeholders using INATBA's platform for leverage
- Working to protect the future of crypto-assets in Europe
